June 21
July 12
September 13
October 18
November 15

Jilani is an international Dance leader and musician, who powerfully transmits the sacred, mystical energy of the Dances, whilst also bringing lightness, humour and joy. Her Dance workshops are always an invitation to journey deeply, profoundly supported by the music of her voice and viola.

Accompanied by her husband Robert on the guitar she effortlessly creates a safe and held space where people can feel confident, while her relaxed and patient teaching style means they easily learn the words, chants and movements.
